MHC Water Distiller / Water Distiller

The water distiller MHC produces perfectly pure water by distillation. The machine heats the water up to 100° which rises up as steam to the condenser. The process of distillation kills all bacteria, viruses and other water existing micro-organisms, while the other materials (solid or liquid as e.g scale, pesticide) remain in the container.

- **Power supply: AC 230V – 50Hz**
- **Power: 750W**
- **Tank capacity: 4L**
- **Speed distillation: 0,7 to 1 L/h**
- **Safety Temperature: 160°**
- **Weight: 4 Kg**

Product Code:	PRICE:
MHC400	£225.00 +VAT

NSK iClave 18 & 24 Autoclaves / Dental Autoclave

The new iClave autoclave perfectly combines performance, user experience, and technology, ensuring an effective, comfortable, and worry-free experience.

- **5 trays of 2 different dimensions maximises capacity.**
- **High-efficiency steam generator allows for superior performance**
- **B-cycle 40min, S-cycle 31min**
- **User-friendly colour touchscreen**
- **Footprint: W451 x H492 x D669mm (smaller internal chamber on iClave 18)**
